Summary

Full Stack Web Developer with a background in Food and Beverage, front of house, 8 plus years experience. I have over 3 years experience of self taught web design knowledge. HTML5, CSS3 and JavaScript which also include a Full-Stack Certification from the University of California - Los Angeles. I'm successful at multitasking while remaining professional and courteous in fast-paced environments. Great costumer service skills. I'm a team player and detailed oriented.

Technical Skills

HTML5, CSS3, JavaScript, jQuery, Bootstrap, React, Node, Mongo, Express

Projects

Code Book

Github: github.com/kcalumpong/Code–Book | Deployed at: code–book–app.herokuapp.com

A note taking app with a built in code editor.

The project was a team effort.

My responsibilities were authentication and routing.

Bulid — JS, CSS, Passport.js, Node, Express and MySQL

Binge Watch Club

Github: github.com/FrankeyDee/Binge-Watch-Club | Deployed at: warm-gorge-90894.herokuapp.com

I was responsible for the authentication -Login/Register

App is used to search for and add tv shows to database for later viewing.
